

#standwithcommunityhealth

STAND WITH COMMUNITY HEALTH FOR...

- **New community** health centres where the public need them.
- **\$60 million** every year to improve outdated facilities.
- **Increased funding** to enable community health services to keep pace with a growing population.
- Better leveraging community health to **reduce pressure** on Victoria's public hospital emergency departments.
- Support for community health services to provide an even stronger **health safety net** for vulnerable Victorians.
- **Increased public dental funding**, so people can access care when they need it.

**Make your voice heard, stand with community health, speak to your local MP.
Head to www.standwithcommunityhealth.org.au.**
